

MEDICAL RESEARCH SERVICE – Spring 2004 PORTFOLIO

Principal Investigator(s) _____

Title of Project _____

VAMC _____

From the list below, select one or more of the 18 Medical Research Priority Area(s) to which the research project identified above is relevant. Write a statement in the box that defines the relevance of your research proposal to the selected research priority area(s). If the research is not relevant to any of these areas, enter "none" and write a statement defining the relevance of your research to the mission of the VA. Please use language for a general scientific audience.

Relevant priority area(s):

Primary: _____

Secondary: _____

Tertiary: _____

Aging
Autoimmune, Allergic, and Hematopoietic Disorders
Cancer
Chronic Disorders of the GI System
Chronic Infectious Diseases
Chronic Renal Disease
CNS Injury and Associated Disorders
Degenerative Diseases of Bones and Joints
Dementia and Neuronal Degeneration

Diabetes and Major Complications
Emerging Pathogens
Environmental Exposure
Major Psychoses, Mood Disorders, and Stress
Pulmonary Disorders
Sensory Disorders
Substance Abuse
Trauma and Wound Healing
Vascular Disease

Brief statement describing the relevance of the research to the Research Priority Area(s) above:

Relevant Designated Research Area(s)

Listed below are nine Designated Research Area(s) (DRAs) used by all segments of the Office of Research and Development. Indicate one or more to which the research project identified above is relevant.

Primary: _____

Secondary: _____

Tertiary: _____

Acute and Traumatic Injury
Aging and Age-Related Changes
Chronic Diseases
Health Services and Systems
Mental Illness

Military and Environmental Exposures
Sensory Disorders and Loss
Special (Underserved, High Risk) Populations
Substance Abuse, Addictive Disorders

Listed below are the Designated Research Elements (Check single most descriptive element)

☐ Communications and Decision Making
☐ Diagnosis and Prognosis
☐ Epidemiology
☐ Etiology
☐ Pathophysiology
☐ Prevention

☐ Quality of Care
☐ Rehabilitation
☐ Resource Use and Cost
☐ Technology Development and Assessment
☐ Treatment

Signature of Investigator (or ACOS/R&D if PI unavailable)
